3	<p>(解答例)</p> <p>This order will be effective if the fee is spent on saving our nature environment. However, the fee of a plastic bag is not so high. For example, it costs from two to five yen. For some people, it might not be necessary to save a little money by using their own shopping bags. Finally, the total amount of the fee would not be enough to save the environment. Therefore, I agree with some aspects of this order but I'm wondering if the amount of plastic waste would decrease.</p>
