3	<p>(解答例)</p> <p>In my experience, I did not have a real online class, but I just watched my teacher's video while my school was closed. I guess that the advantage of online class seems to be the convenience because we don't have to go to school and we can save time. On the contrary, the disadvantage is that we can't meet my friends and don't feel our existence. We absolutely need reality to communicate with each other. If this kind of class would continue, we might get lazy in studying day by day.</p>
